

Tree Policy

Clarity

A centralised tree policy helps employees understand your organisations approach to tree management.

Fit for purpose

Our policies are clear, succinct and developed from years of experience.

What's included?

The tree policy we provide you formalises your organisations approach and includes detail on:

tree risk management · frequency of inspections · record keeping templates · emergency procedures · instructing tree surgery · sustainability

“We now have a clear policy on tree management centralised and notified to our insurers. This has helped streamline our approach and greatly enhanced health and safety in this area”.
